al-Munasabat and their impact in "Tafsir al-Tahrir wa al-Tanwir" from Surat Ta-Ha to Surat Al-Qasas

This research talks about Al-Munasabat Al-Qur'anya - Quranic Congeniality- the relationship between different verses and chapters and their impact in "Tafsir al-Tahrir wa al-Tanwir" of Muhammad Al-Tahir Ibn Ashour from Surat Ta-Ha to Surat Al-Qasas, which consists of two parts

Part one: talks about al-Munasabat science from theorization aspect and its stages and developments. Also it includes a brief definition about Ibn Ashour and his book al-Tahrir wa al-Tanwir.

Part two: is the core of the research and talks about al-Munasabat mentioned in "Tafsir al-Tahrir wa al-Tanwir", by collecting them then studying and critiquing them. I have adopted in the studying of texts the balancing between what have been mentioned in "AL-Tafsir al-Kabir" of Al-Razi and "Nadhim al-Durar" of al-Baqai.

The research was concluded by mentioning the most important findings and recommendations.
